Dear Mr. Rogers:

On July 1, 1998 a field compliance inspection was conducted for your notice, UTU-070555, located in the W $\frac{1}{2}$ Section 19, T. 21, R. 9 W. This notice was accepted by our office on August 22, 1991, under the 43 CFR 3809 regulations for surface management. Based on our inspection, the fact your mining claims were declared abandoned and void as of August 31, 1997, and no mining related activity for at least one year, we have determined this notice case file is closed.

If you restart any mining related activity that causes surface disturbance, then you must re-notify this office at least 15 days prior to the start up of your operations.

Thank you for submitting your notice and for your support in proper management of public lands.

Sincerely,

Rex Rowley
Area Manager
